**NEW SHOW ROOMS FOR BED-  
STEADS, SEAL AND SON** have created some extensive  
Warehouses for the storage of the largest stock of Bed-  
stead. In iron their stock will include every sort manufactured  
from the cheap stump, for servants use, to the handsomely orna-  
mented table-patterned Canopy, as well as Brass Bedsteads of  
every variety and pattern; and in Wooden Bedsteads, their stock  
is sufficiently extensive to allow them to fit up a variety, both in  
Polished Birch and Mahogany, of Four-post, Canopy, and French  
and also of Japanese Bedsteads—in fact, to keep in stock every article  
of Bedstead that is made; and they have also a general stock of  
all the different kinds of Carpets, Mats, and Rugs, so that, regarding  
their stock complete for the Furnishing of a house, as well as  
Bedding. And without attempting to compete with the prices at  
which the lowest class of Furniture is sold, and which is fit for  
servants, their new stock will be found to be of a superior and  
more princely character, and will be found to be during the last  
thirty years, been so successfully extended, and the goods, whether  
of a plain and simple pattern, or of a handsomer and more expen-  
sive character, are of well-managed materials, sound workmanship
